

[Protesters Boycott Israel By Stealing in France](#)

According to the following [YouTube video](#), on March 7, 2009, a Pro-Palestinian group clad in green t-shirts calling themselves "Action Boycott Israel" entered a French supermarket and began removing all goods manufactured by Israel. After pilfering the shelves, the protestors held a rally in the middle of the store while making passionate speeches about why Israel should no longer exist.

As illegal as it is to have dozens of protestors pillage a store, a sign of how overall anti-Semitic France has become are the absence of police on the scene. Another frightening sign of the ever increasing tide of the subsequent rise in anti-Semitism world-wide are the comments people from around the world have posted with the video. The following are a few examples:

It is amazing how one country can cause so much terror and grief to one area of the planet. I am truly sick of the state of Israel. The new Nazis!! I can only wish that this wave of anti Israel sentiment would surface here in Canada!

Down with Israel...Hail Adolf Hitler!

Way to go French people! Let's ALL send lots of HATE to Israel! That's what they deserve and nothing more. Long live Palestine!

Let us all know the brands so we can avoid them! But if it's not Kosher it might be poison, that's what I heard. Check out the ingredient and you will see some strange stuff if it's not Kosher. Like EDTA.

Time is running out for the chosen people. Tick, tock ,tick tock, tick tock.

Boycott Israel! Justice for Palestine!

Israeli soldiers were shooting children in the head at point blank range during the recent GAZA attack. 1,500 Palestinians DEAD, 5,000 injured -The Israeli army should be proud of this blood bath.

Awesome Awesome Awesome Awesome Awesome Awesome Awesome Awesome Awesome

Awesome Awesome

That supermarket sure sells a lot of Israeli goods. The entire supermarket should be boycotted.

Absolutely BRILLIANT!! These people have the right idea. The same should be done in every supermarket across the world that sells israeli tainted goods.

Bravo Peace for the Innocent Justice for the criminals

As long as the American government still props up the Terrorist State Israel, this is just a publicity stunt.

A thousand curses on the nation of israel, and well done to these good French people.

This is really great!... A most encouraging video. Down with Israel!. Long Live Palestine!

french cops boycott israel too.... all world wil boycott israel soon

On another point -- the Supermarket is selling illegal goods - produced on stolen land. The Cops should be doing this!!

great video. more power to the boycott israel movement!!!

Well done Palestinians.. We all Muslims are with You..

Bravo, good job.

I experienced a wide range of reactions when witnessing this scene online. My first reaction was disgust at the hatred and prejudice of the anti-Semites. My second was pity, because due to the false teachings of their Islamic mullahs these Jew-haters are very ignorant about God's promises to Israel and their historic claim to the land, as too are the European sympathizers who buy into the Islamic rhetoric. But, thirdly, I felt sorrow at how lost these people are. They truly feel their hatred of the Jew has God's sympathy and support.

God's reaction to those who rage against Him and His promises to both Israel and believers in Christ is this:

*Why do the nations conspire
and the peoples plot in vain?*

*The kings of the earth take their stand
and the rulers gather together*

*against the LORD
and against his Anointed One.*

*"Let us break their chains," they say,
"and throw off their fetters."*

*The One enthroned in heaven laughs;
the Lord scoffs at them.*

*Then he rebukes them in his anger
and terrifies them in his wrath, saying,*

*"I have installed my King
on Zion, my holy hill."*
